**The Hindu Bureau**  
KOZHIKODE

Governor Arif Mohammed Khan, who is also the Chancellor of universities in the State, has directed the University of Calicut to resume the process for the election to its Syndicate. The authorities were also asked to accept the nomination papers of P. Raveendran, Professor attached to the Department of Chemistry, and T.M. Vasudevan, Professor attached to the Department of Library and Information Science.

**Papers rejected**  
The returning officer had rejected the nomination papers of Mr. Raveendran and Mr. Vasudevan, both nominated to the Senate by the Chancellor.

The Syndicate election process was stayed later after they approached Mr. Khan against the decision. K. Mohammed Hanefa, a Professor in the Department of Library and Information Science, subsequently challenged the Chancellor's stay order in

the Kerala High Court. The court asked the Chancellor to conduct a hearing of all persons concerned and pass orders accordingly.

**Eligibility**  
The university authorities had claimed that both the teachers were not eligible to contest the Syndicate from the constituency of university teachers as they were nominated by the Chancellor.

However, during the hearing, it was pointed out that in 2013, Mr. Vasudevan had contested the election after being nominated to the Senate by the Chancellor under the category 'Head of the Department'. In this context, the Chancellor asked the returning officer to accept both their nomination papers and resume the election process.

# Preliminary police report supports claim of surgery mix-up at MCH

**The Hindu Bureau**  
KOZHIKODE

While the preliminary investigation by the police has confirmed a mix-up in the surgery involving a four-year-old at the Government Medical College Hospital (MCH), Kozhikode, the report of the Departmental Inquiry Com-

mittee formed under the Directorate of Medical Education is awaited.

The Medical College police investigating the case have come up with evidence supporting the claims of the child's parents that she was taken to the hospital to remove the sixth finger on her palm, and that the surgery on her

tongue was a mistake and was performed without their knowledge. The police checked medical records to verify the report of the MCH superintendent that the child had a tied tongue for which the surgery was conducted. However, there were no records to support the report.
