

K Surendran @surendranbip On behalf of all Keralites, heartfelt thanks to Hon. PM @narendramodi ji for approving the Palakkad industrial node under the National Industrial Corridor Development Programme! This transformative step will boost Kerala's growth, create jobs, and put us on the map of global manufacturing.

Revival of Muthuvan Sangham comes as a ray of hope

Sangham to make tribal people aware of rights, work for community's betterment; governing body to have 2 reps from each settlement

NEJMA SULAIMAN @ldukki

The area committee meeting held by the Muthuvan Adivasi Samudhaya Sangham at Edamalakkudy, Idukki, on Sunday

ALTHOUGH Edamalakkudy was formed as the state's first tribal panchayat in 2010, it took 14 years for the residents there to get an uninterrupted 4G network facility in their settlement. Network coverage became a turning point in their path to development as the tribes, majority Muthuvans, formed a social media group comprising government officials to bring their issues to the attention of the government. Now, in what is seen as yet another milestone, the educated youths of the community have formed an organisation to seek their rights and work for the betterment of the community.

The Muthuvan Adivasi Samudhaya Sangham is a renewed version of the organisation formed by tribal leaders of the settlements in Devikulam Taluk of Idukki way back in 1995. "The Sangham was the brainchild of a group of faculties of the Gangothri School, opened by an NGO named World

Vision at the Tank Kudi settlement in Suryanelli in the 90s. The officials emphasised the need for a collective for the tribal people and the Sangham was formed under the leadership of the tribal chiefs of various Muthuvan settlements in Devikulam in 1995. The Sangham has its registered office at Chembakathozhukudi in Suryanelli," Sangham advisory committee member and media coordinator Ramachandran told *TNIE*.

Although the organisation was working smoothly until 2008, the closure of the school and the faculties moving to other parts of the state stunted the activities of the group. Moreover, there were no educated persons in their community then to lead the collective. "When the idea of forming a collective for the Muthuvan community was mooted again, instead of forming a new one, renewing the old registered Sangham was the suggestion

put forward by the tribal elders. So that the official proceedings and activities of the Sangham can be expedited," Ramachandran said.

Although many socio-cultural organisations are there for tribal people in the state, a collective exclusively for Muthuvans aimed at their welfare, development and progress is a first of its kind in Kerala. Muthuvan tribal settlers be-

RENEWED VERSION

- Muthuvan Adivasi Samudhaya Sangham is a renewed version of the organisation formed in 1995
- It was the brainchild of a group of faculties of the Gangothri School, opened by an NGO named World Vision at the Tank Kudi settlement in Suryanelli
- It functioned smoothly until 2008, but the closure of the school and the faculties moving to other parts of the state stunted the activities of the group

A first of its kind

Although many socio-cultural organisations are there for tribal people in the state, a collective exclusively for Muthuvans aimed at their welfare, development and progress is a first of its kind in Kerala. Muthuvan tribal settlers be-

longing to nearly 130 settlements in Idukki, Ernakulam, Thrissur and Palakkad districts will become part of the organisation.

In addition, Muthuvans settled in tribal settlements located on the Kerala - Tamil Nadu border near Devikulam Taluk, have also extended their support to the Sangham, he said.

District panchayat member and Muthuvan community member C Rajendran told *TNIE* that even as the government has reserved seats for ST communities in the local bodies, the representatives of the communities are given no importance and least considered when it comes to implementing development projects. "Moreover, in many tribal areas, the settlers are unaware of their forest rights and this has resulted in loss of their land. Many tribal settlements also lack basic infrastructure facilities including communication and transportation facilities," he said.

Rajendran said the ultimate aim of the Sangham was to

make the tribal people aware of their rights and demand the same. "The tribal people have become mere vote banks. The system should be changed and the tribal community will be organised to demand the necessary facilities," he said.

The governing body of the Sangham will be formed with two representatives from each tribal settlement. Elected persons from the governing body will lead the executive or the state committee.

Besides, there will be area committees and ooru committees which will be led by the tribal chiefs of the respective tribal settlement.

"Area committees in all tribal settlements in Devikulam Taluk, including Edamalakkudy, have already been formed. As soon as the committees in other districts and Ooru committees are formed, members of the governing body and state committees will be elected. And we expect the Sangham to start functioning officially by October this year," he said.

Suspects to be taken to AP for questioning

CONTINUED FROM P1

EXPRESS NEWS SERVICE @Kochi

THE friends and relatives of the suspects were also questioned as part of the investigation. The duo will be transferred to Andhra Pradesh for further questioning. The NIA has so far arrested three people in connection with the case, while two FIOs have been identified and charged.

In a related incident in December 2023, the Kochi City Police arrested Manjeri native Sreenish Poockkadan, an electronic mechanic at CSL, for allegedly sharing sensitive information and photographs with a woman he met on Facebook. It was later revealed that the 'Angel Payal' Facebook account was operated by FIOs in Pakistan to extract information from individuals working at sensitive Indian installations.

CSL has also seen two other security breaches in recent years. In 2021, police arrested Afghan national Abbas Khan, alias Idgul, for using a fake Indian identity to work at CSL, and in 2019, two individuals from Bihar and Rajasthan were arrested for stealing critical computer components from India's first indigenous aircraft carrier, INS Vikrant.

Kannur: At the 13th state conference of the Purogama Kala Sahitya Sangham (PuKaSa) in Kannur, Shaji N Karun was elected as the state president, with Dr K P Mohanan serving as general secretary. M K Manoharan was appointed as organising secretary, and T R Ajayan took on the role of treasurer.

ED slaps ₹908-crore fine on DMK MP, family

EXPRESS NEWS SERVICE @Chennai

THE Chennai zone of the Enforcement Directorate has slapped a penalty of approximately ₹908 crore on DMK Member of Parliament (MP) S Jagathrakshakan and his family members for alleged violations of the Foreign Exchange Management Act (FEMA), the agency said on Wednesday.

Properties worth ₹89.19 crore, seized under FEMA in 2020, were also ordered to be confiscated, the ED said.

"This is an outcome of adjudication proceedings under the Act during which the violations were clearly proved after careful examination of the alleged violations vis-à-vis written replies filed by the noticees (the MP and his family members)," the directorate said.

The ED has charged the MP, his family members, and a related company of violating FEMA provisions in an investment of ₹42 crore in a Singapore-based shell company Silver Park International Pte Ltd in 2017 made without the approval of the Reserve Bank of India and acquiring and holding of 90 lakh foreign shares.

They were also charged with FEMA violations regarding an investment of ₹9 crore made by the MP in a Sri Lankan entity.

Properties worth ₹89.19 crore in the form of immovable assets such as agricultural land, plots and houses and movable properties like bank balances and shares were seized by the agency in 2020 when the investigation under Section 37A of FEMA was completed in the cases.

Distillers vs excise dept: K'taka faces IML shortage as deadlock over AED continues

BALA CHAUHAN @Bengaluru

KARNATAKA is facing a shortage of Indian Made Liqueur (IML). According to sources in the liquor and hospitality industry, the state may run out of IML if the reported stalemate between the distillers and the excise department on filing Ex Distillery Price (EDP), as per the new government notification, is not resolved at the earliest.

In the wake of the stalemate, the distillers have not been able to indent their alcohol to Karnataka State Beverages Corporation Limited (KSBC), which channels and distributes duty paid liquor to excise licencees in the state.

"This week, the distillers had no transaction with KSBC because we are unable to file the EDP or the new declared price as per the notification issued on August 23. The excise department is not allowing us to do so," claimed sources in the industry.

"The loss to the state exchequer in the absence of any sale to

The loss to the state exchequer in the absence of any sale to KSBC may be around ₹110 crore and ₹120 crore per day. Besides, if the deadlock continues, the IML stocks in the state will deplete further

Sources in the liquor and hospitality industry

KSBC may be around ₹110 crore and ₹120 crore per day. Besides, if the deadlock continues, the IML stocks in the state will deplete further," they said.

On Wednesday, the distillers met excise officials and appealed to them to approve their new declared prices as per the new notification. "We have asked for an early resolution. There was some positive response, but we have to wait and watch," said industry insiders.

Meanwhile, sources in the government said that they intend to resolve the 'crisis' at the earliest, but it may take at least a week to

stabilise the IML inventory. The delay is reportedly being attributed to the scheduled three-day visit of Arvind Panagariya led 16th Finance Commission team to the state from August 29, on which the state machinery is focused.

Some leading liquor retailers (CL2) in the city said that their IML stocks have gone down to 30%. "We are running out of popular brands of alcohol and are forced to push other IML brands to customers," said one of them.

On August 23, the government issued two notifications - on rationalisation of AED on IML slabs in higher segments for retailers and on minimum declared price for distillers below which they are not allowed to invoice.

The 18 excise slabs of IML have been brought down to 16. The notification, however, has not mentioned the minimum retail price (MRP) of alcohol brands.

We expect nod for GIFT City project soon: Min
